

On Wednesday 4th October, Christchurch Kindergarten took part in an event for a charity called Crackerjacks Children's Trust, which helps children with disabilities.

All children and key persons dressed up in pyjama's or onesie's, and we explained the importance of showing gratitude to others who are not as fortunate as they are. For example, some children may need extra help with everyday living such as walking, speaking, hearing, seeing, etc.

During the day, creative activities were carried out, as seen in the pictures below...
